

IOSH Managing Safely® eLearning

Is it for me?

Managing Safely® is designed for managers and supervisors in any sector, and any organisation worldwide.

What will I learn?

The course covers:

- Introducing Managing Safely
- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance

What will I leave with?

This course will enable managers and supervisors to gain knowledge and tools to tackle the safety and health issues they are responsible for, resulting in:

- Greater productivity, from fewer hours lost due to sickness and accidents
- Improved company-wide safety awareness culture and appreciation of safety measures
- Active staff involvement to improve the workplace
- Enhanced reputation within the supply chain

Certification/Awarding Body

IOSH (www.iosh.com)

What else should I know?

The assessment comprises of multi-choice examination (online) and a practical application-based project.

Successful candidates will be awarded an IOSH certificate in Managing Safely®.

Entry requirements

There are no specific barriers, in terms of academic qualifications, skills or experience to entry IOSH Managing Safely® course.

Why eLearning?

Saves time and money

With eLearning courses there are no travel costs. There can also be significantly less impact on your job with less time spent away from your place of work. This means you won't lose money from time off, and your employer won't lose your work hours. Less travel also means it's a more environmentally friendly option as well.

Learn when and where you want

eLearning is available 24/7 and lets you study around your current work hours so there is no need for time off. You can study anywhere you like and be mobile if it suits, as long as you have a device capable of doing so.

Study at your own pace

You set the pace, spending as much time as you like on the parts you find challenging and speeding through those that you find easy. Study in short sessions, or work your way through the whole day.

Track your progress

The eLearning platform will record all your work, which means you can track your progress as you go. You will have an effective way to monitor your progress and note your achievements, as well as being able to record those areas that need more work.

How does it work?

When you have registered for your course, you will receive login details to enable you to access the eLearning platform at any time. Your purchased course will be available immediately, and will be accessible for 6 months.

Ideal for use on desktops or tablets. Our eLearning is easy to follow, with a modern design, clean layout and intuitive navigation. However, if you do have any difficulties the TWI Virtual Academy support team is always on-hand to provide technical support via email.
