

13th International Symposium on Friction Stir Welding and 3rd International Joint Symposium on Joining and Welding

Poster Presentation

Posters should be A0 size laminated in portrait format and written in English.

The font should be such that the smallest technical text is readable at least a metre from the poster.

We ask that poster authors prepare a final written paper in the same way as if it were an oral presentation, and this paper will be included in the proceedings.

The draft written paper must be with us no later than Friday 19th April 2024, so that it can be circulated to all delegates in advance of the conference. The final version, if you wish to make changes, will be required by 31 August 2024.

Please follow the Author Instructions supplied on the website when preparing your paper.
