MEMBERS  
& NON-MEMBERS

**Session 1 - 09:00 am – 12:00 pm**

TWI's Welding Software will be presented, showing latest software developments. The Welding Software products include applications for creating and managing welding procedure and welder qualification documents (Welding Qualifier) and production welding project and document control (Welding Coordinator).

Latest developments include two Waypoint modules for welders and inspectors to record production information and inspection results for Welding Coordinator but using simplified web-based mobile devices, such as tablets and phones on the shop-floor.
